FARAGO is a boutique IP law firm with offices in Aachen, Düsseldorf and München. We see ourselves as the key contact for all our clients' national and international IP matters. Being the largest patent law firm in Aachen, our attorneys-at-law and patent attorneys have a broad range of IP knowledge. We divide into several units like a Mechanical/Physics Unit (mechanical engineering, physics), a Life Science Unit (chemistry, biotechnology), an Electrotechnical Unit (software, electronics), and a Legal Unit (trademarks, competition and IT law). FARAGO serves clients ranging from start-ups to international enterprises, with focus on SMEs, especially medium-sized companies. FARAGO is also strong in consulting with regard to strategies, inventions, organization, processes, exit value tactics etc.). FARAGO rounds off its legal services for clients with its Legal Unit.
