Employees more than 1400

Founded in 1968, CBW GmbH today employs more than 1400 people, both with and without disabilities. CBW GmbH offers production and services in more than 20 different fields.

Providing an ISO class 8 cleanroom, in accordance with DIN EN ISO 146441-1, our focus is the finishing, assembling and packaging of medical products in a particle-free, germ-free environment in line with customer specifications.

In controlled areas, we produce disposable surgical instruments, treatment units for surgical use, and first aid and operation units.

Validated cleaning of stainless steel instruments in our cleaning and disinfection systems and packaging of the treatment units takes place in controlled areas.

Certification in accordance with DIN EN ISO 9001, DIN EN ISO 13485 and the provisions of the Medical Device Directive 93/42/EEC (MDD) form the basis of our work.

Our inspiration is to take on your challenge.
